

THE LATEST SIDE SHOW.—As the fall races are drawing near, we might mention that many new "kinks" have been introduced to draw a crowd to the sporting department. The most novel of these tricks is one which originated at a State Fair in Sacramento, California. It is called "the ring game," and the sign hangs over the door of the tent. Within is a happy-looking Irish woman, stout of build, and volatile as a parrot—a woman forty years old, dressed in a head dress, and a balmoral skirt—a woman who goes for nothing but speed, but is heavy on the scales—and she stands in a ring three feet in diameter, and any spectator who wants to pay twenty-five cents for a chance, may stand behind her and strike her with all his force with a large, long-handled mallet, which is covered with padding, and if he knocks her out of the ring, he gets three dollars for it. They don't hit her on the head. She has never been knocked out yet, perhaps. The man at the door has high ideas of real estate values in California. His constant cry is: "Come up—come up, and take a chance! Only two bits—and if you knock her out, you get three dollars! Think of it! Three dollars!—enough to buy a ranch!"—*Mobile Register.*

The final accounts of the Commissioners appointed to collect the United States direct tax in the State of North Carolina, have been submitted to the Treasury Department. Over \$400,000 have been collected at small expense to the Government. The resignation of the Commissioners has been accepted, to take effect December 1st, by which time it is expected that most, if not all, of the commissioners for collecting the direct tax will be closed.

OFFICIAL returns have been received of the vote in both the Congressional Districts of Minnesota, with the exception of a few small counties, from which we have estimates doubtless nearly correct. The majority for Windom in the First District is 6,403, and that for Doney in the Second, is 4,134. Both are Republicans. The aggregate Republican majority in the State is 10,537.

A LETTER from Concord, N. H., to the Boston Journal says: "There is considerable talk about the platform the Democrats of this State will adopt at their coming convention. Several of their prominent men are now advocating the extension of impartial suffrage to the freedmen of the South, as one of the means by which the nation is to be restored to permanent peace and order."

THE yield of corn in the Miami Valley, in Ohio, has been remarkably large this season. The tobacco crop is not as large as it was last year, but it is ascertained that it is generally of better quality, and will, it is believed, bring quite as much money in the market.

THE report that Maximilian is not allowed to leave Mexico by the French, is not believed in Washington. Gen. Grant believes that he will embark before the end of December.

MR. SEWARD, it is said, expresses the opinion that universal suffrage and universal amnesty will be the basis upon which the work of restoration will be finally completed.

NOW READY.—We learn that the Iron Works, on the Wills Valley Railroad, three miles this side of Trenton, will commence smelting ore on Monday. An excursion party will leave here in the morning to visit the Works.—*Chattanooga Union.*
